Steel Frame

Oasis Shelter applies an oven-cured, lead-free, UV-resistant polyester powder coating to all steel frame surfaces, ensuring a long-lasting and durable finish. Our three-stage coating process includes:

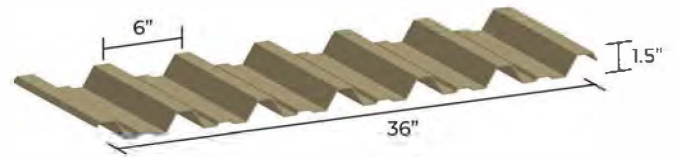

- Sandblasting
- Zinc-rich primer base coating
- Polyester powder coating

We offer a wide selection of colors to complement your design theme and aesthetic requirements.

Roof

We use Agway 7-150-NF as a standard roof profile, its load bearing capabilities enable the 7-150 profile to function as a structural member.

Agway's 7-150-NF comes in a full range of stock colors, with color matched fasteners, trims and accessories.
